Who Are We

RC GROUP
RELIABLE CONSTRUCTION

TO

OUR COMPANY

The renovation & construction company in this field long before and is one of the few companies with goal for high-quality and cost-efficient approach alongside with a professional team and wide-ranging technical equipment.

Construction Project Management

With a focus on structural excellence and quality materials, we bring your vision to life. Our skilled team ensures timely execution, delivering tailored solutions with efficient project management.

INDUSTRIAL BUILDINGS

Our expert team transforms spaces into captivating works of art, harmonizing innovation with functionality. From luxurious interiors to captivating exteriors that leave a lasting impression, we bring your vision to life.

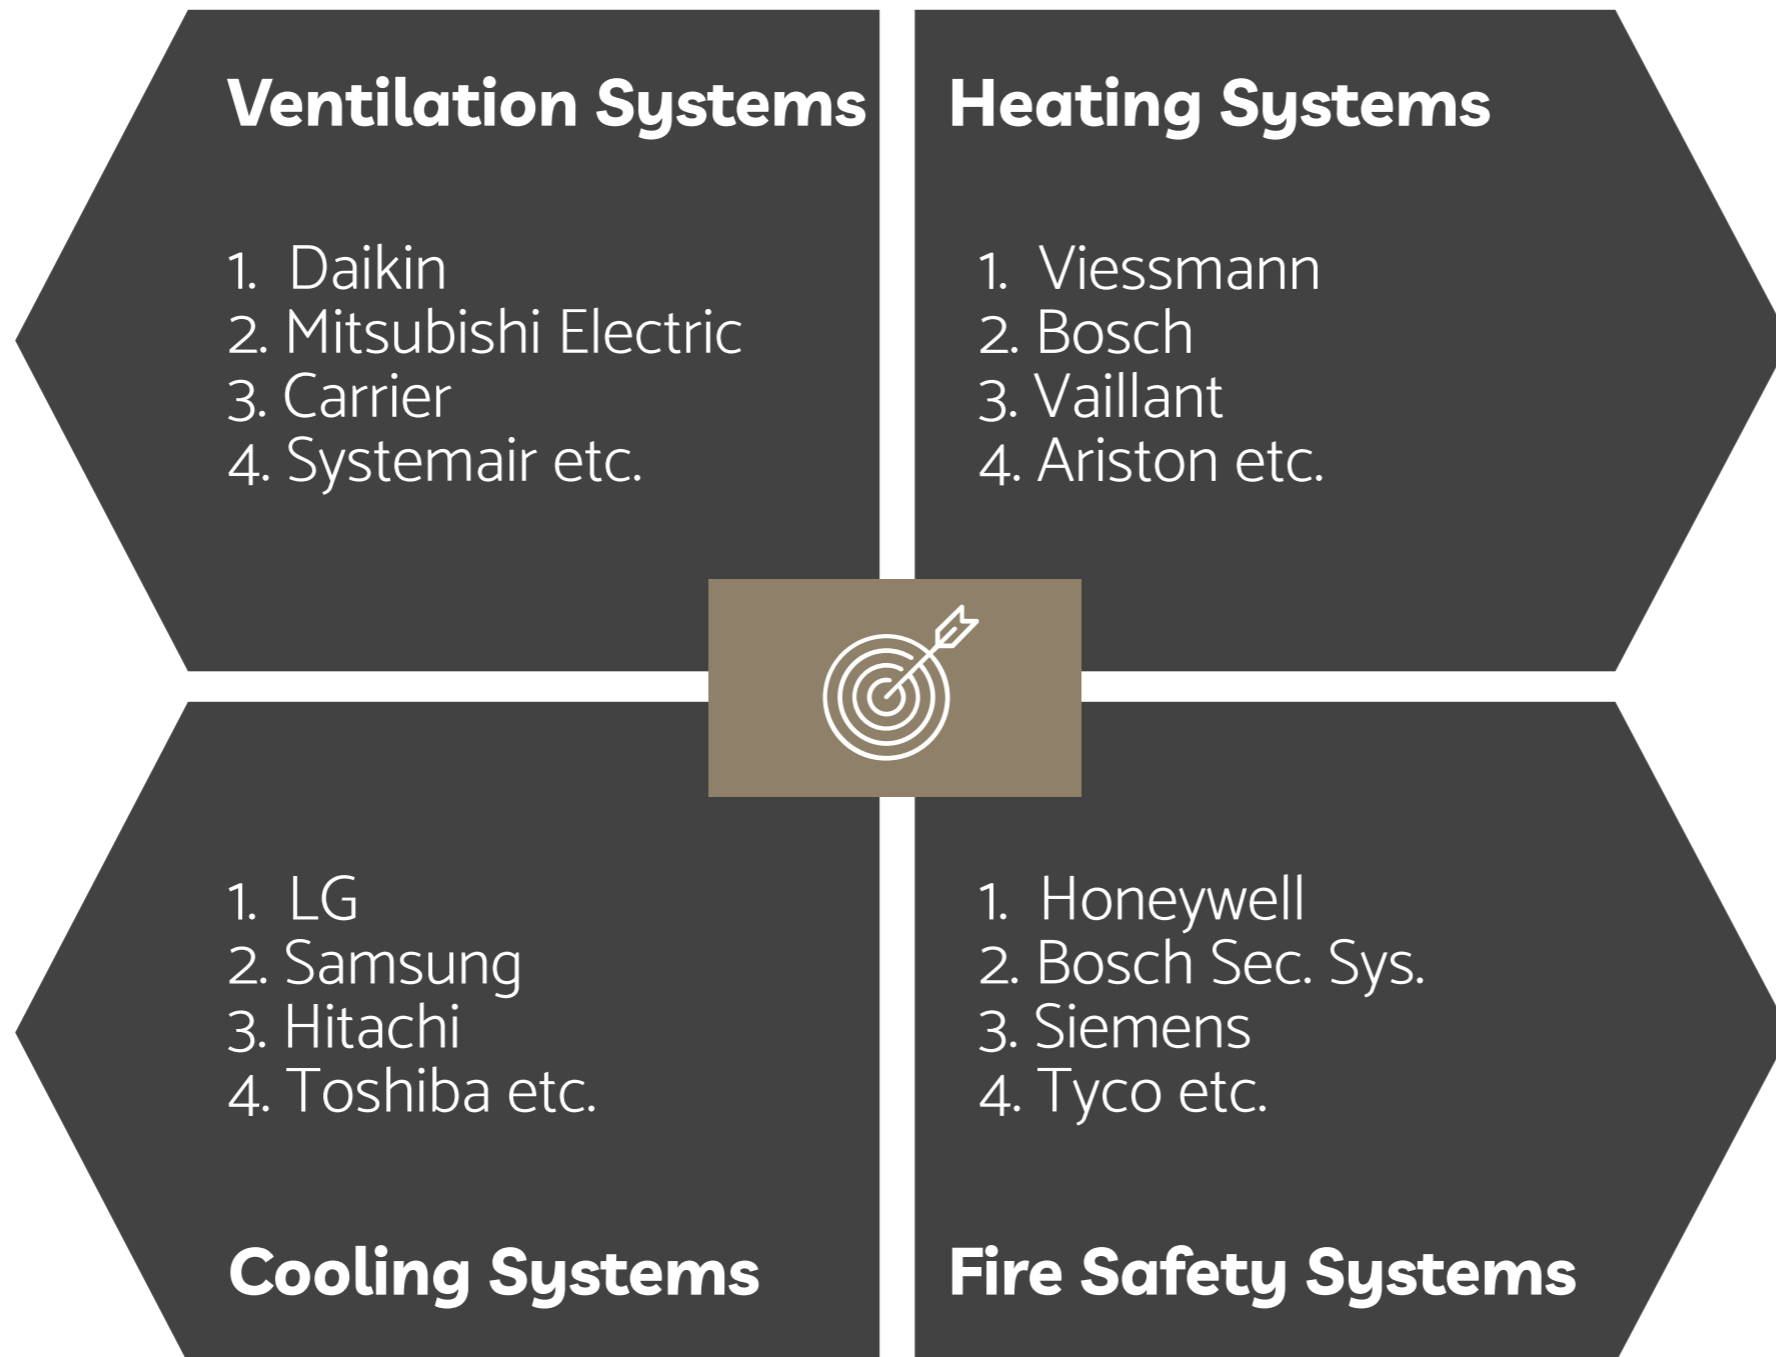

Infrastructure & landscape construction

Our team crafts lush gardens, tranquil water features. Whether it's a residential oasis or a commercial landscape, we blend artistry and functionality to create environments that inspire and delight.

Construction & restoration of asphalt roads

Our restoration services focus on extending the lifespan of existing roads by addressing wear and tear, cracks, potholes, and other damages.

Our company performs MEP works, which ensure the design, installation and commissioning of important technical systems for the functional and comfortable building. Products of world-renowned brands are used in the implementation of the mentioned works.

RC Group's Project Showcase

02

The image shows a modern office interior with a white marble wall. On the wall, the Pasha Holding logo is displayed, consisting of a stylized geometric pattern of white squares and triangles. To the right of the logo, the word "PASHA" is written in a large, bold, white sans-serif font, and the word "Holding" is written below it in a slightly smaller, white sans-serif font. The background features vertical wood paneling and a green living wall on the left. Several cylindrical pendant lights hang from the ceiling.

ABOUT THE PROJECT

Another major project as a part of COP 29 events, undertaken by our company is the renovation of nearly 300 apartments located in the Athletes' Village. In the course of the project facade lighting, asphalting facade painting, paving and several consecutive projects were entrusted to our company and successfully executed by our company.

An aerial photograph of the Baku Palace Apartments building complex. The buildings are multi-story, light-colored structures with grey roofs and many balconies. In the background, the Caspian Sea is visible under a cloudy sky. A road with cars and a construction site with cranes are also present in the foreground and middle ground.

Baku Palace Apartments

During the execution of the work, every detail is carefully attended to, made possible by the expertise of our team.

ABOUT THE PROJECT

The extensive renovation project of the apartments located in "Baku Palace" is one of the successful projects implemented by our experienced team.

JW Marriott Hydro Insulation

ABOUT THE PROJECT

RC Group successfully completed a 1500 sq. m project for JW Marriott at the Marriott Hotel, which has been handed over successfully.

Based on the agreement signed between RC Group and Azercell Telecom, within the framework of the established protocol, our company is providing ongoing repair services for several offices, including the headquarters of Azercell Telecom, during the years 2024-2026

ABOUT THE PROJECT

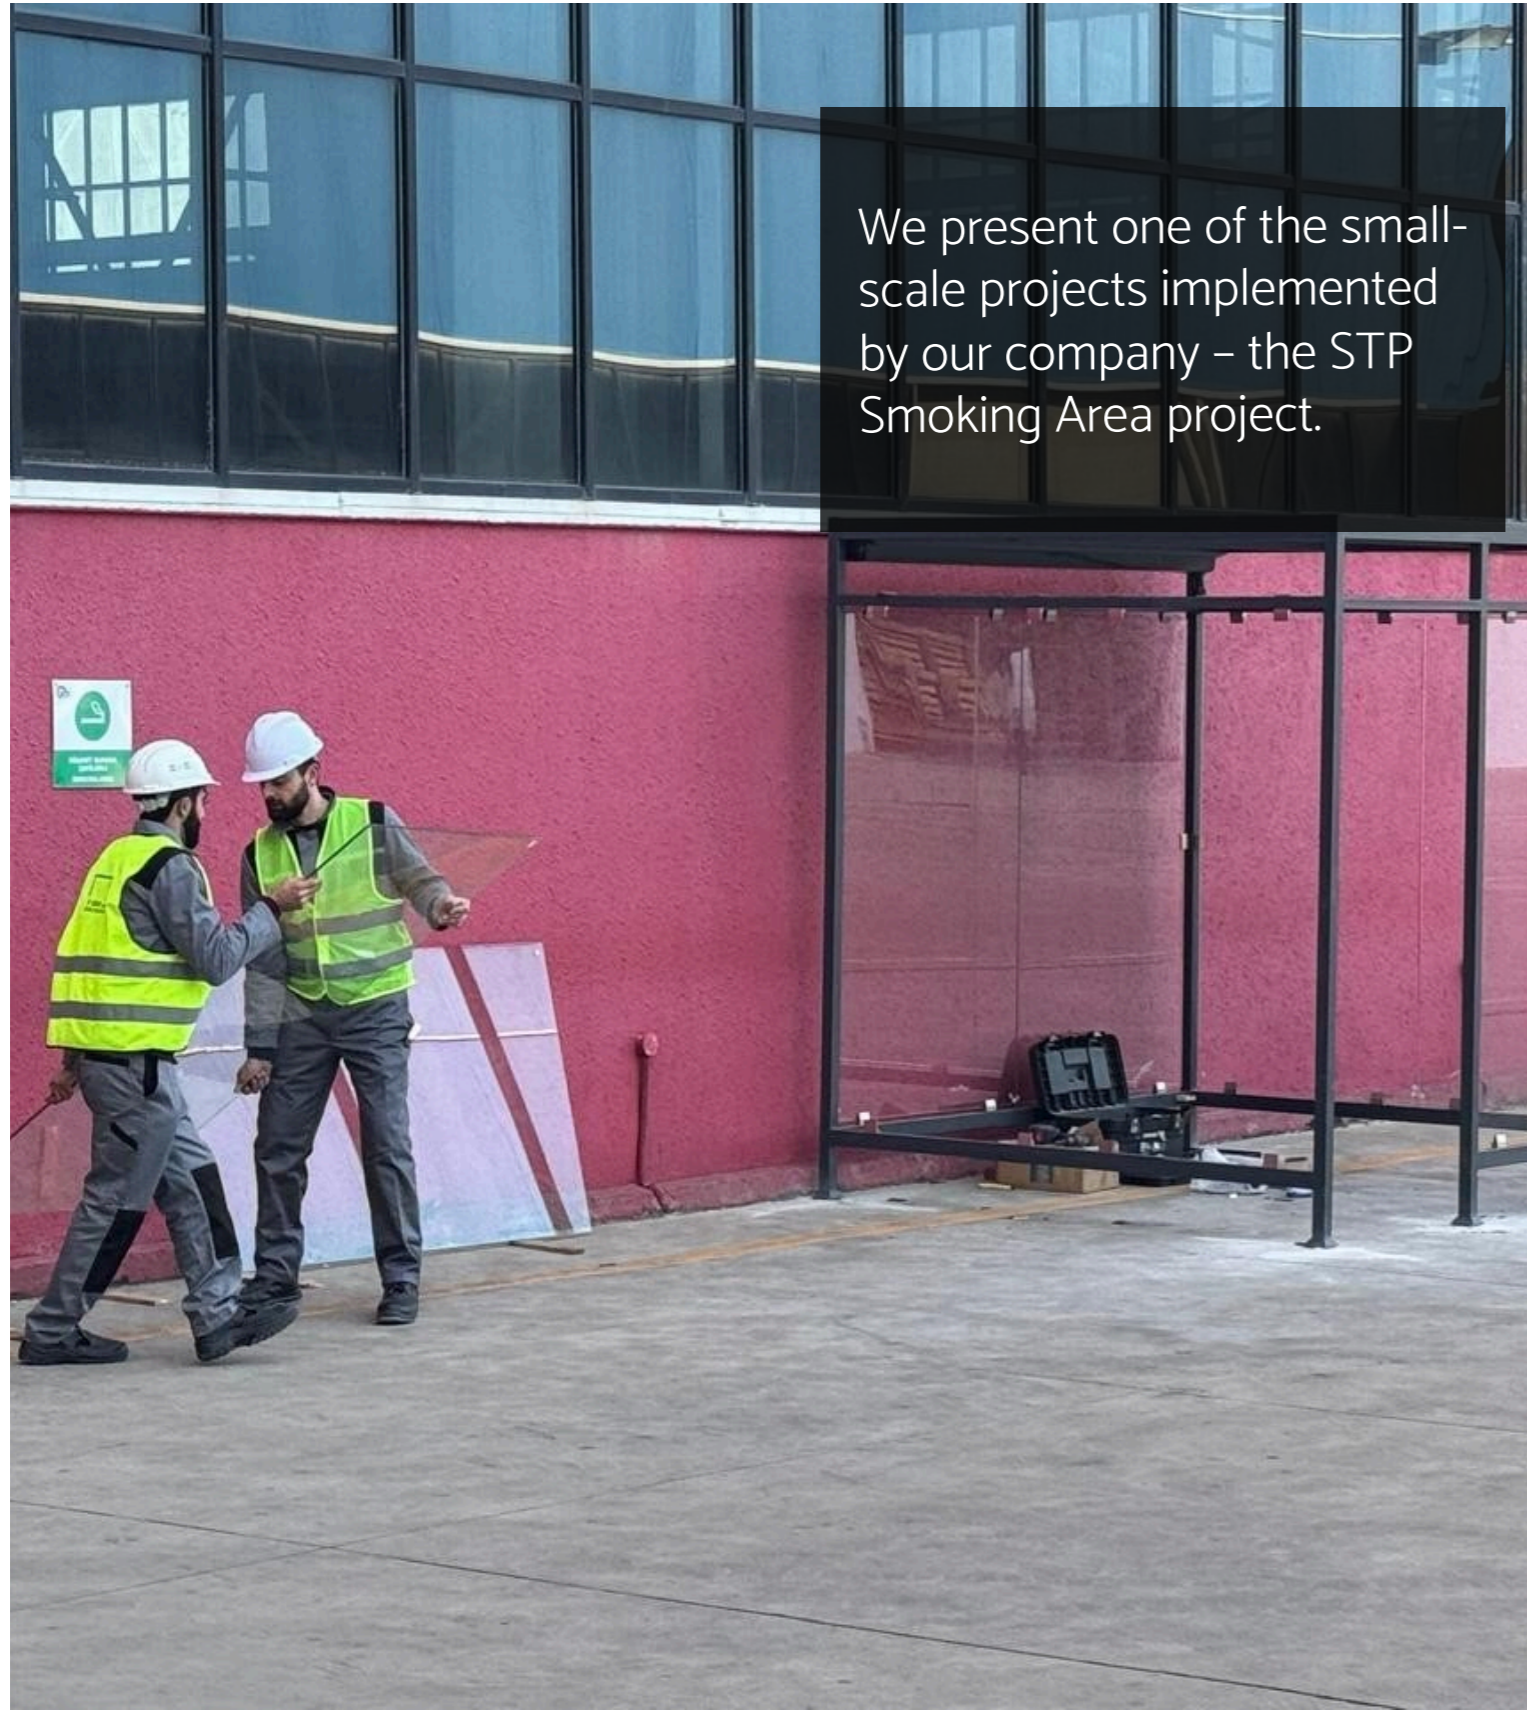

Also, our company provided office maintenance services for "Azercell Telecom" in Baku and regional branches from 2021 to 2023th years

PROJECT GOALS

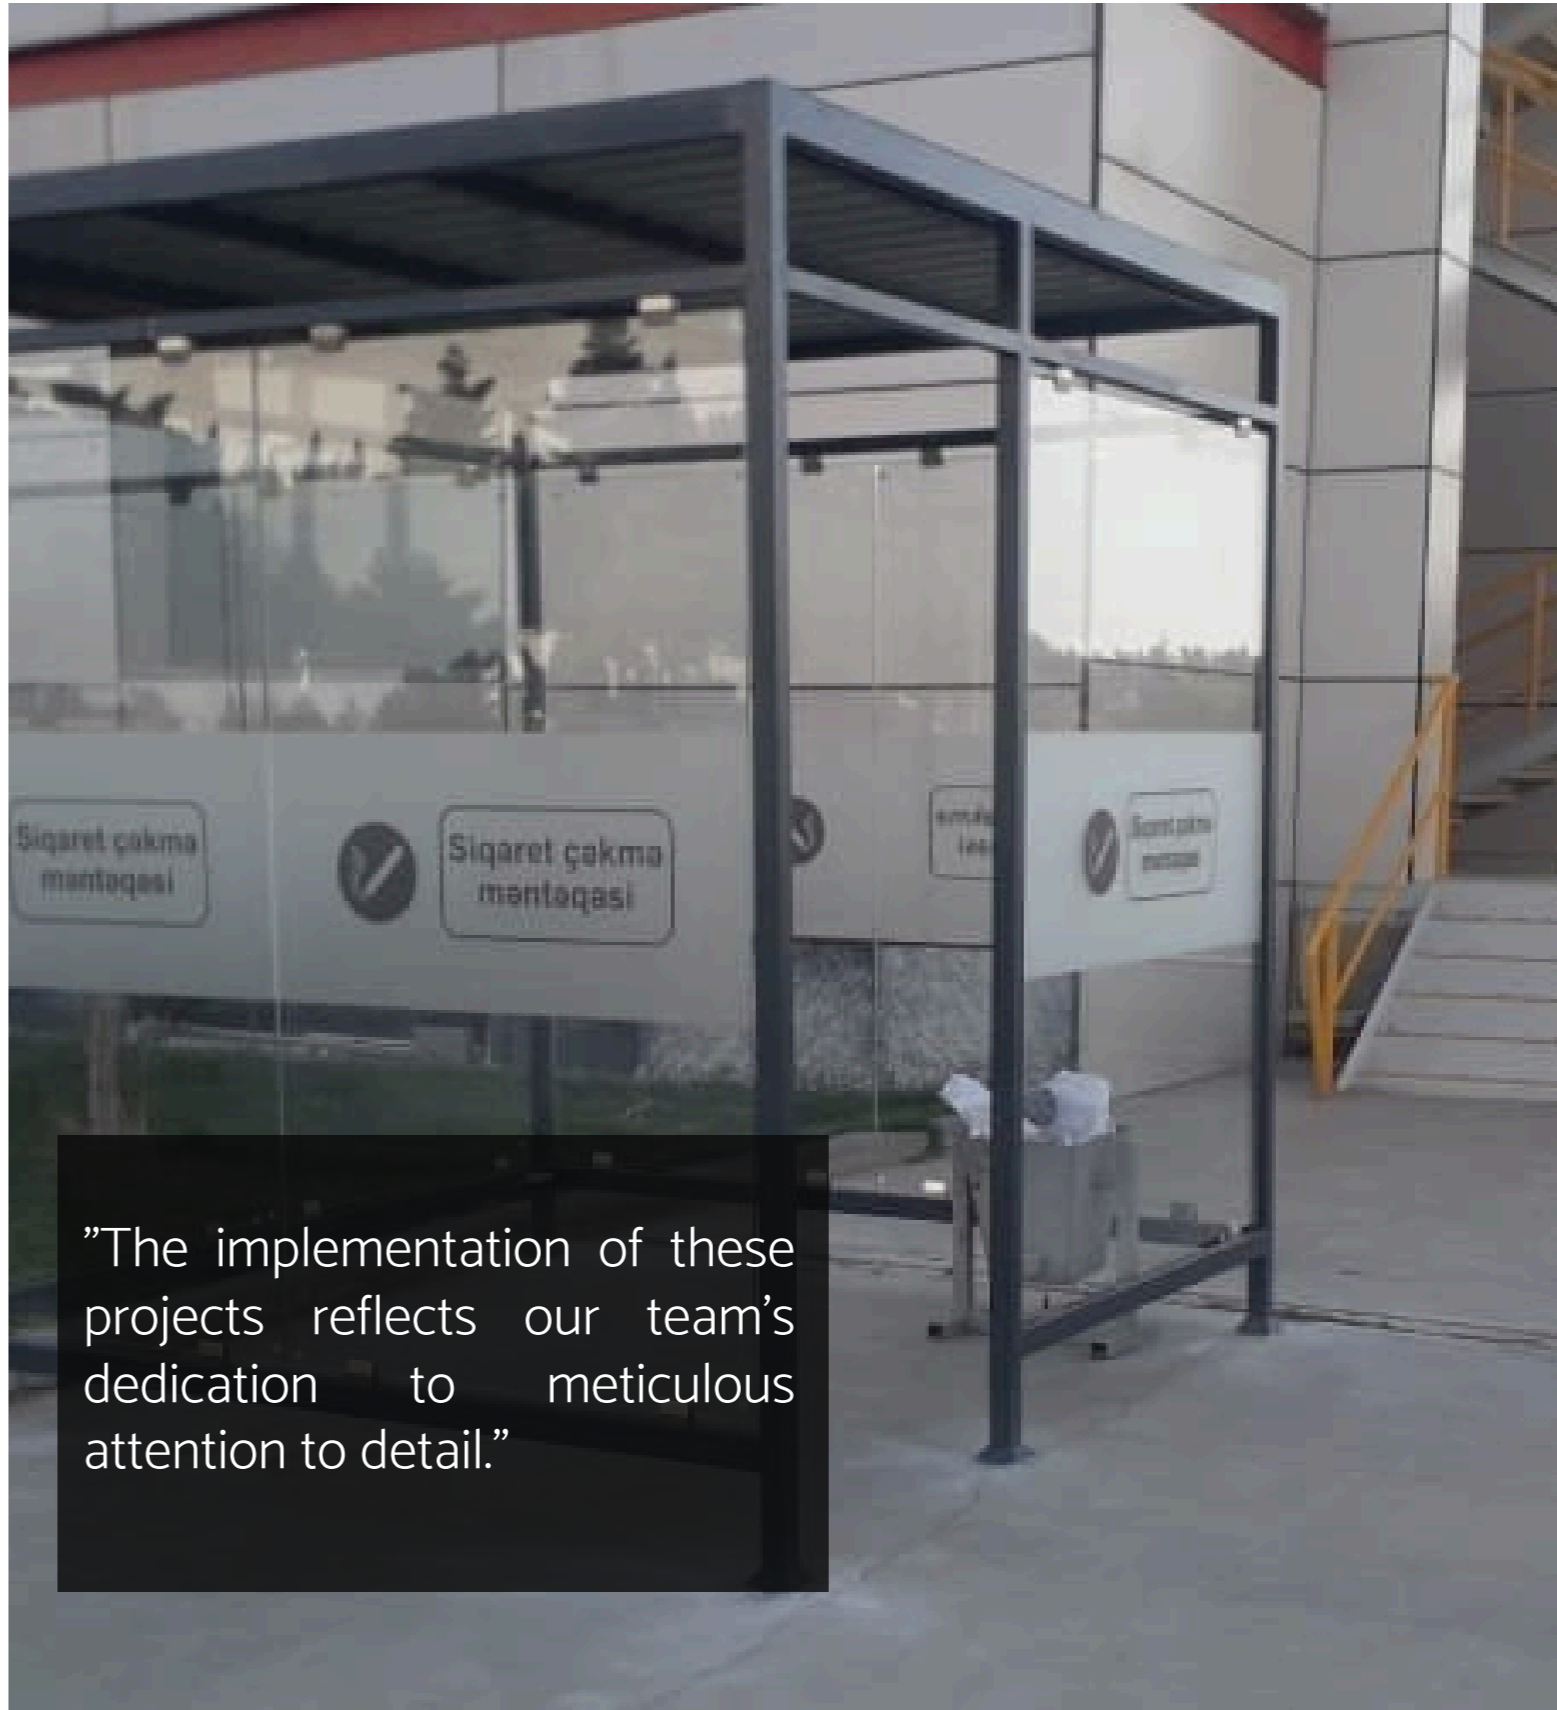

Another successful project of ours, carried out upon the request of Azercell Telecom, is the asphaltting of a 3,800 square meter warehouse area.

We present one of the small-scale projects implemented by our company – the STP Smoking Area project.

"The implementation of these projects reflects our team's dedication to meticulous attention to detail."
